Candidate — Saudi Pak Youth Engagement Program (YEP) 2026, Summer Internship

Professional Summary

Final-year Bachelor of Science in Information Technology student at Bahauddin Zakariya University (CGPA 3.81/4.00; **96th Percentile**, HEC National Skill Competency Test 2026) with a strong foundation in **data analysis, business reporting, project execution, and IT operations**. Demonstrated ability to **plan and execute functional projects, prepare and present formal reports, brainstorm and innovate** solutions, and **support departmental productivity** in academic and collaborative environments. Proficient in Microsoft Office Suite with excellent written and verbal communication skills in English and Urdu. Seeking a **skills-based experiential learning** placement within the **financial industry** to contribute meaningfully to Saudi Pak's organisational goals while growing professionally under expert mentorship.

Education

Bahauddin Zakariya University (BZU), Multan 2022 – 2026
Bachelor of Science in Information Technology (BSIT) CGPA: 3.81/4.00

- FYP Supervisor: Dr. Maruf Pasha, ICT Department, BZU Multan
- HEC National Skill Competency Test (NSCT) 2026:** Score 68/100 — **96th Percentile, Top 4% Nationally** across Software Engineering, Computer Networks, Operating Systems, and Programming
- Relevant Coursework: IT Project Management | System Analysis & Design | Database Management Systems | Software Engineering | Computer Networks | Operating Systems

BISE Multan 2020 – 2022
Higher Secondary Certificate — Pre-Engineering (FSc) 978/1100 (89%)

BISE Multan 2018 – 2020
Secondary School Certificate — Science 897/1100 (82%)

Core Competencies & Technical Skills

Financial Industry Skills	Data Analysis, Business Report Preparation, Financial Reporting Support, Investment Research Assistance, Analytical Problem-Solving, Process Documentation
Microsoft Office Suite	MS Excel (Advanced: Pivot Tables, VLOOKUP, Dynamic Charts, Data Validation), MS Word, PowerPoint, Google Sheets, Google Workspace
Project Management	Project Planning & Execution, Milestone Tracking, Functional Project Delivery, Technical Documentation, Departmental Productivity Support
Professional Skills	Written & Verbal Communication (English / Urdu), Cross-Functional Teamwork, Mentorship Readiness, Networking, Brainstorming & Innovation, Self-Directed Learning
Software Development	Node.js, Express.js, React.js, Flutter, REST API Design, JavaScript, Python, C#, Dart, HTML5, CSS3
Databases & Cloud	MySQL, MS SQL Server (Stored Procedures, Normalisation), MongoDB, Firebase Cloud Firestore, Google Cloud Platform
Developer Tools	Git, GitHub, VS Code, Postman, Firebase Console

Projects & Hands-On Experience

StartupLense — AI-Powered Business Analysis Platform *Final Year Project, BZU Multan* 2024 – Present

- Planned and executed** an end-to-end mobile application integrating a 5-agent AI pipeline (Market Analysis, Risk Assessment, Business Strategy, Evaluation) — replicating data-driven decision-support workflows used in the financial industry.
- Prepared and presented** full system documentation (DFDs, ERDs, architecture diagrams, formal technical report) to faculty review panels, mirroring the reporting and presentation responsibilities of the YEP internship role.

- Managed project milestones, sprint timelines, and stakeholder communications independently, demonstrating a **self-directed and energetic** professional work ethic.
- Supported team productivity through modular code architecture and reusable component libraries, reducing development overhead by an estimated 30%.
- *Stack: Flutter | Dart | GetX | Firebase | Gemini API | Google Cloud*

VideoTube — Production-Grade RESTful Backend System Node.js / MongoDB 2024

- Designed and deployed a scalable RESTful API managing user authentication, content lifecycle, and subscription analytics across 38+ version-controlled commits, demonstrating a disciplined SDLC aligned with enterprise IT standards.
- Implemented industry-standard security: JWT token rotation, bcrypt password hashing, Multer file-pipeline management, and structured modular error handling.
- Produced full technical documentation covering API endpoints, data schemas, and deployment configurations.
- github.com/DaniAThaheem/Dani_S_First_ProBackend_Project

Student Management System C# Desktop Application / MS SQL Server 2023

- Built an ERP-style desktop application with a normalised MS SQL Server schema, stored procedures, and automated report generation — analogous to structured data management systems used in financial institutions.
- **Supported departmental productivity** through automated reporting features, eliminating manual data compilation and saving an estimated 3–4 hours per reporting cycle.

Additional Development Projects React.js / React Native 2023 – 2025

- **UniEvents:** React Native event-management platform with offline data sync and local payment integration, demonstrating cross-functional collaboration and networking-tool development.
- **questBlogApp:** React.js content platform with advanced state management, routing, and production deployment, reinforcing professional software engineering practices.

Certifications & Academic Achievements

Higher Education Commission of Pakistan (HEC) 2026

National Skill Competency Test (NSCT) Score: 68 / 100 | 96th Percentile — Top 4% Nationally

- Nationally benchmarked IT competency across Software Engineering, Operating Systems, Computer Networks, and Programming.

Bahauddin Zakariya University, Multan 2022 – Present

Consistent Academic High Achiever CGPA: 3.81 / 4.00 across 7 Semesters

- Maintained top-tier academic standing throughout the full programme in a highly competitive university cohort.

Alignment with Saudi Pak Youth Engagement Program (YEP) 2026

Saudi Pak’s **YEP 2026** represents the precise professional development pathway I seek as a final-year IT student transitioning into the **financial industry**. The programme’s core pillars — **functional projects, skills-based experiential learning, professional development, mentorship, networking, and camaraderie** — align directly with my academic preparation and career objectives. I am fully proficient in **Microsoft Office Suite**, bring **excellent communication skills** in English and Urdu, and have consistently demonstrated the ability to **plan and execute projects, prepare and present reports**, and **brainstorm and innovate** under real-world constraints. As a **recent final-year student**, I am **self-directed, energetic**, and committed to contributing meaningfully to Saudi Pak’s organisational success while building lasting professional networks within Pakistan’s leading investment sector.
