Candidate — Getz Pharma NextLead Summer Internship Program 2026 | Information Technology / Digital Operations

Professional Summary

Final-year Bachelor of Science in Information Technology student at Bahauddin Zakariya University (CGPA 3.81/4.00 — **exceeding the 3.0 minimum CGPA requirement; 96th Percentile**, HEC National Skill Competency Test 2026), eligible as a **final-year bachelor's student** for Getz Pharma's NextLead Summer Internship Program 2026. Hands-on expertise in **software development, ERP-style system design, database administration (MySQL, MS SQL Server, MongoDB), IT infrastructure support, and secure system architecture (JWT, OAuth)** — directly relevant to Getz Pharma's corporate IT, ERP systems, and data infrastructure functions. Proven ability to **independently plan, execute, and deliver end-to-end digital projects** following structured **SDLC and software engineering best practices**, with strong **analytical, documentation, and cross-functional communication skills**. Proficient in **MS Excel (Pivot Tables, VLOOKUP, Dynamic Charts, Data Validation)**, MS Word, and Google Workspace. Motivated to **contribute to impactful projects, learn from industry leaders, and gain global exposure** at Pakistan's leading pharmaceutical exporter — with the drive to convert this internship into a **long-term career opportunity**.

Education

Bahauddin Zakariya University (BZU), Multan

2022 – 2026

Bachelor of Science in Information Technology (BSIT)

CGPA: 3.81 / 4.00

- FYP Supervisor: Dr. Maruf Pasha, ICT Department, BZU Multan
- HEC National Skill Competency Test (NSCT) 2026:** Score 68/100 — **96th Percentile, Top 4% Nationally** across Software Engineering, Computer Networks, Operating Systems, and Programming
- Relevant Coursework: IT Project Management | System Analysis & Design | Database Management Systems | Software Engineering | Computer Networks | Operating Systems

BISE Multan

2020 – 2022

Higher Secondary Certificate — Pre-Engineering (FSc)

978 / 1100 (89%)

BISE Multan

2018 – 2020

Secondary School Certificate — Science

897 / 1100 (82%)

Core Competencies & Technical Skills

- IT & Enterprise Systems:** ERP-Style Application Development, IT Infrastructure Support, IT Systems Administration Fundamentals, System Analysis & Design, Technical Troubleshooting, Process Automation, Workflow Optimisation
- Software Development:** Full-Stack Development (MERN: MongoDB, Express.js, React.js, Node.js), REST API Design & Integration, Object-Oriented Programming (OOP), Software Engineering Best Practices, SDLC, Agile Development
- Databases & Data Management:** MySQL, MS SQL Server (Stored Procedures, Normalisation, Automated Reporting), MongoDB, Firebase Cloud Firestore, Data Analysis, Data Validation
- Data Analysis & Reporting:** MS Excel (Advanced: Pivot Tables, VLOOKUP, Dynamic Charts, Data Validation), Python (Pandas, NumPy, Matplotlib, Seaborn), Exploratory Data Analysis (EDA), Data Visualisation
- Security & Authentication:** JWT Authentication, OAuth 2.0 (Google, GitHub), bcrypt Password Hashing, Secure API Design, Role-Based Access Control
- Programming Languages:** JavaScript, Python, C#, Dart, HTML5, CSS3
- Cloud & Developer Tools:** Google Cloud Platform, Firebase, Git, GitHub (Version Control), VS Code, Postman
- Professional Skills:** Written & Verbal Communication (English / Urdu), Analytical Problem-Solving, Project Planning & Execution, Cross-Functional Teamwork, Self-Directed Learning

Projects & Hands-On Experience

Student Management System — ERP-Style Desktop Application C# / MS SQL Server

2023

- Built an **object-oriented C#** desktop application with a fully normalised **MS SQL Server** schema, stored procedures, multi-role access control, and **automated report generation** — directly analogous to **enterprise ERP and data infrastructure systems** used in large pharmaceutical organisations.
- Implemented **automated reporting workflows**, eliminating manual data compilation and saving an estimated **3–4 hours per reporting cycle** — a measurable operational efficiency outcome reflecting the kind of **impactful project contribution** NextLead seeks.

- Designed and developed a **cross-platform application** integrating a **5-agent AI pipeline** (Market Analysis, Risk Assessment, Business Strategy, Evaluation) for **data-driven decision support** — applicable to the kind of **business intelligence, analytics, and reporting** workflows used across Getz Pharma’s commercial, finance, and operations functions.
- Produced full **system documentation** (DFDs, ERDs, architecture diagrams, formal technical report) and **presented to faculty review panels**, demonstrating professional **project documentation and stakeholder presentation skills**.
- Independently managed **Agile project lifecycle**: sprint planning, milestone tracking, and stakeholder communication.
- github.com/DaniAThaheem/startuplense

Full-Stack Web Applications — E-Commerce, Chat & Task Management *React.js / Node.js / MongoDB* 2025

- Independently designed and built multiple **full-stack web applications** (e-commerce platform, real-time chat app, task management system) using **Express 5, MongoDB/Mongoose, and React 19**.
- Implemented **JWT authentication, OAuth 2.0 (Google & GitHub)**, automated email workflows, and secure data validation — demonstrating end-to-end **enterprise-grade software development discipline**.

Certifications & Academic Achievements

Higher Education Commission of Pakistan (HEC) 2026
National Skill Competency Test (NSCT) *Score: 68/100 | 96th Percentile — Top 4% Nationally*

- Nationally benchmarked IT competency across **Software Engineering, Operating Systems, Computer Networks, and Programming** — placing in the top 4% of IT graduates in Pakistan.

Bahauddin Zakariya University, Multan 2022–Present
Consistent Academic High Achiever *CGPA: 3.81/4.00 across 7 Semesters*

- Maintained **top-tier academic standing** throughout the full BSIT programme in a highly competitive national university cohort, well above the **3.0 CGPA threshold** for NextLead eligibility.

Alignment with Getz Pharma — NextLead Summer Internship Program 2026

I am a **final-year IT student** meeting all NextLead 2026 eligibility criteria, with a **CGPA of 3.81/4.00** — 27% above the minimum threshold. Getz Pharma’s **NextLead Program** is precisely the platform I am seeking: a structured, full-time, **8-week internship** at Pakistan’s **leading pharmaceutical exporter** (WHO pre-qualified, LEED Platinum-certified) offering **hands-on experience, expert mentorship, global exposure, and a genuine pathway to full-time employment**. My background in **ERP-style system development, enterprise database administration, IT infrastructure support, and secure application design** maps directly onto Getz Pharma’s corporate IT functions. I bring the analytical and execution skills needed to **contribute to impactful projects that drive real business results** from day one. I am motivated by Getz Pharma’s **research-driven, innovation-focused culture**, its global pharmaceutical leadership, and the NextLead philosophy of **"Get Set Lead"** — ready to begin my professional journey at an organisation where my ideas matter and my work makes a difference.
