Development Fellow (IT) — National Development Internship Program, Quantum Valley Pakistan (Phase-I), Ministry of Defence

Professional Summary

Final-year Bachelor of Science in Information Technology graduate from Bahauddin Zakariya University (CGPA 3.81/4.00; **96th Percentile**, HEC National Skill Competency Test 2026) with practical experience in **software development, AI integration, database administration, and network systems**. Built and deployed multiple full-stack applications and an AI-integrated platform applying **Python, REST API design, secure authentication, and SDLC practices**. Seeking to contribute to the **Quantum Valley Pakistan** initiative as a Development Fellow in the Information Technology domain.

Education

Bahauddin Zakariya University (BZU), Multan 2022 – 2026
Bachelor of Science in Information Technology (BSIT) CGPA: 3.81 / 4.00

- FYP Supervisor: Dr. Maruf Pasha, ICT Department, BZU Multan
- HEC National Skill Competency Test (NSCT) 2026:** Score 68/100 — **96th Percentile, Top 4% Nationally** across Software Engineering, Computer Networks, Operating Systems, and Programming
- Relevant Coursework: Artificial Intelligence | Software Engineering | Programming & OOP | Data Structures & Algorithms | Database Management | Computer Networks | Operating Systems

BISE Multan 2020 – 2022
Higher Secondary Certificate — Pre-Engineering (FSc) 978 / 1100 (89%)

BISE Multan 2018 – 2020
Secondary School Certificate — Science 897 / 1100 (82%)

Technical Skills

- AI & Python:** Python (Pandas, NumPy, Matplotlib, Seaborn), AI Pipeline Integration, LLM API Integration (Gemini API), Multi-Agent Systems, Exploratory Data Analysis (EDA)
- Software Development:** Node.js, Express.js, React.js, MongoDB, REST API Design, Object-Oriented Programming, Algorithms & Data Structures, SDLC, Agile Development
- Networks & Systems:** Computer Networks, Operating Systems, IT Infrastructure Support, Network Configuration, Technical Troubleshooting
- Security:** JWT Authentication, OAuth 2.0, bcrypt, Secure API Design, Role-Based Access Control
- Databases:** MySQL, MS SQL Server (Stored Procedures, Normalisation), MongoDB, Firebase Cloud Firestore
- Tools:** Git, GitHub, VS Code, Postman, Google Cloud Platform, Firebase, MS Excel (Pivot Tables, VLOOKUP, Dynamic Charts)
- Programming Languages:** Python, JavaScript, C#, Dart, HTML5, CSS3
- Professional:** Technical Documentation, Analytical Problem-Solving, Project Planning, Research, Written & Verbal Communication (English / Urdu)

Projects

StartupLense — AI Business Analysis Platform (Final Year Project, BZU Multan) 2024 – Present

- Built a cross-platform application (Android, iOS, Web, Windows, macOS, Linux) integrating a **5-agent AI pipeline** (Market Analysis, Risk Assessment, Business Strategy, Evaluation) via the Gemini API — combining AI, Python integration, and full-stack development.
- Wrote formal system documentation (DFDs, ERDs, architecture diagrams, technical report) and presented to faculty review panels.
- Managed the full project lifecycle using Agile methodology: requirements, sprint planning, milestones, and delivery.
- github.com/DaniAThaheem/startuplense

Full-Stack Web Applications (React.js / Node.js / MongoDB) 2024 – 2025

- Built an **e-commerce platform** (React 19, Redux Toolkit, Tailwind CSS, Express 5, MongoDB, Cloudinary) across 110+ commits; implemented Google/GitHub OAuth, JWT sessions, and transactional email.
- Built a **real-time chat application** using Socket.io, Express 5, MongoDB, and React 19 with JWT authentication.

- Built a **RESTful backend** (VideoTube, 38+ commits) with JWT rotation, bcrypt, Multer file uploads, and complete API documentation.
- github.com/DaniAThaheem/ecommerce_backend | github.com/DaniAThaheem/chatApp_backend | github.com/DaniAThaheem/Dani_S_First_ProBackend_Project

Student Management System (C# / MS SQL Server) 2023

- Developed a desktop application with normalised MS SQL Server schema, stored procedures, multi-role access control, and automated report generation, reducing manual reporting time by approximately 3–4 hours per cycle.

Certifications & Academic Achievements

Higher Education Commission of Pakistan (HEC) 2026
National Skill Competency Test (NSCT) 68/100 — **96th Percentile, Top 4% Nationally**

- Tested across Software Engineering, Computer Networks, Operating Systems, and Programming — top 4% of IT graduates in Pakistan.

Bahauddin Zakariya University, Multan 2022–2026
Academic Achievement CGPA: 3.81/4.00 across 7 Semesters

- Maintained top-tier academic standing throughout the BSIT programme.

Suitability for Development Fellow (IT) — Quantum Valley Pakistan

I am a **2026 IT graduate** meeting the fresh graduate eligibility criteria for the National Development Internship Program. My academic record (**96th-percentile HEC NSCT 2026; CGPA 3.81/4.00**) reflects strong fundamentals in the four areas assessed: software engineering, computer networks, operating systems, and programming. My project work demonstrates practical ability in **AI development, full-stack software engineering, network-aware secure systems, and database administration** — the four technical domains central to QVP’s IT track. I am available for and committed to the **one-year fellowship** duration, and will apply through the official portal at **njp.gov.pk**.
