Candidate — Baskin Robbins Pakistan Leadership Program 2026 | IT & Networking

Professional Summary

Final-year Bachelor of Science in Information Technology student at Bahauddin Zakariya University (CGPA 3.81/4.00; **96th Percentile**, HEC National Skill Competency Test 2026) — a **young, passionate graduate** with hands-on expertise in **IT systems, networking fundamentals, software development, database administration, and digital process automation**. Strong academic foundation in **computer networks, operating systems, and IT infrastructure support**, complemented by practical experience building **full-stack web applications, ERP-style systems, and AI-integrated platforms**. Skilled in **secure system design (JWT, OAuth)**, **database management (MySQL, MS SQL Server, MongoDB)**, and **MS Excel reporting**. Enthusiastic, adaptive, and eager to thrive in a **fun, vibrant corporate culture**. Seeking to join Baskin Robbins Pakistan's **Leadership Program 2026 (IT & Networking)** to gain hands-on industry exposure, develop professional skills, and contribute to the digital infrastructure of a globally iconic brand.

Education

Bahauddin Zakariya University (BZU), Multan 2022 – 2026
Bachelor of Science in Information Technology (BSIT) CGPA: 3.81/4.00

- FYP Supervisor: Dr. Maruf Pasha, ICT Department, BZU Multan
- HEC National Skill Competency Test (NSCT) 2026:** Score 68/100 — **96th Percentile, Top 4% Nationally** across Software Engineering, **Computer Networks**, Operating Systems, and Programming
- Relevant Coursework: Computer Networks | Operating Systems | IT Project Management | Database Management Systems | Software Engineering | System Analysis & Design

BISE Multan 2020 – 2022
Higher Secondary Certificate — Pre-Engineering (FSc) 978/1100 (89%)

BISE Multan 2018 – 2020
Secondary School Certificate — Science 897/1100 (82%)

Core Competencies & Technical Skills

- IT & Networking:** Computer Networks Fundamentals, Network Configuration Concepts, Operating Systems, IT Infrastructure Support, Technical Troubleshooting, IT Systems Administration, Workflow Optimisation, Digital Process Automation
- Software Development:** Full-Stack Development (MERN: MongoDB, Express.js, React.js, Node.js), REST API Design & Integration, Object-Oriented Programming (OOP), SDLC, Agile Development, Software Engineering Best Practices
- Security & Authentication:** JWT Authentication, OAuth 2.0 (Google, GitHub via Passport.js), bcrypt Password Hashing, Secure API Design, Role-Based Access Control
- Databases & Data Management:** MySQL, MS SQL Server (Stored Procedures, Normalisation, Automated Reporting), MongoDB, Firebase Cloud Firestore, Data Analysis
- Productivity & Reporting:** MS Excel (Advanced: Pivot Tables, VLOOKUP, Dynamic Charts, Data Validation), MS Word, PowerPoint, Google Workspace
- Programming Languages:** JavaScript, Python (Pandas, NumPy, Matplotlib, Seaborn), C#, Dart, HTML5, CSS3
- Developer Tools:** Git, GitHub (Version Control), VS Code, Postman, Google Cloud Platform, Firebase Console
- Professional Skills:** Written & Verbal Communication (English / Urdu), Analytical Problem-Solving, Project Planning & Execution, Self-Directed Learning, Cross-Functional Teamwork, Adaptability

Projects & Hands-On Experience

Full-Stack Web Applications — E-Commerce, Real-Time Chat & Task Management *React.js / Node.js / MongoDB2025*

- Independently built multiple **full-stack web applications** using **Express 5, MongoDB/Mongoose, and React 19** — including an e-commerce platform, a **real-time chat application (Socket.io)**, and a task management system.
- Implemented **JWT authentication, OAuth 2.0**, automated email workflows, and secure data validation — demonstrating **network-aware, secure system design**.
- github.com/DaniAThaheem/ecommerce_backend | github.com/DaniAThaheem/chatApp_backend

Student Management System — ERP-Style Desktop Application *C# / MS SQL Server*

2023

- Built an **object-oriented C#** desktop application with normalised **MS SQL Server** schema, stored procedures, multi-role access control, and **automated reporting** — analogous to **back-office IT systems used in retail and FMCG operations**.
- Eliminated manual data compilation, saving an estimated **3–4 hours per cycle** — a measurable **operational efficiency** outcome.

StartupLense — AI-Powered Business Analysis Platform *Final Year Project, BZU Multan* 2024–Present

- Designed and developed a **cross-platform application** integrating a **5-agent AI pipeline** with **Firebase Cloud Firestore** and **Google Cloud Platform** backend infrastructure.
- Produced full system documentation and managed the **Agile project lifecycle** independently from inception to delivery.
- github.com/DaniAThaheem/startuplense

VideoTube — Production-Grade RESTful Backend *Node.js / MongoDB* 2024

- Deployed a **scalable RESTful API** across 38+ version-controlled commits with **JWT authentication**, **bcrypt**, and structured technical documentation.
- github.com/DaniAThaheem/Dani_S_First_ProBackend_Project

Certifications & Academic Achievements

Higher Education Commission of Pakistan (HEC) 2026
National Skill Competency Test (NSCT) Score: 68/100 | **96th Percentile — Top 4% Nationally**

- Nationally benchmarked across **Software Engineering, Computer Networks, Operating Systems, and Programming** — top 4% of IT graduates in Pakistan.

Bahauddin Zakariya University, Multan 2022–Present
Consistent Academic High Achiever CGPA: 3.81/4.00 across 7 Semesters

- Maintained **top-tier academic standing** across all 7 semesters in a highly competitive national university cohort.

Alignment with Baskin Robbins Pakistan — Leadership Program 2026

Baskin Robbins Pakistan's **Leadership Program 2026** — "a workplace that blends learning, growth, and a vibrant culture" — is exactly the kind of opportunity I am seeking as a passionate young IT graduate. For the **IT & Networking track**, I bring a **96th-percentile HEC NSCT 2026** result benchmarked specifically across **Computer Networks and Operating Systems**, alongside hands-on experience in **full-stack development, database administration, IT infrastructure support, secure authentication, and automated reporting** — skills that directly support the IT and networking functions of a global FMCG brand. My **3.81/4.00 CGPA** and consistent academic track record reflect the commitment and drive Baskin Robbins' Leadership Program expects. I am energetic, collaborative, and genuinely excited to work within a brand built around **happiness and innovation**, contributing meaningfully while developing into a future leader over the **3–6 month** programme. Ready to **seize the yay!**
